## Nature in Art Annual Gift & Craft Fair

The 2020 Gift & Craft Fair at Nature in Art is taking place on the weekend of Saturday 31<sup>st</sup> October & Sunday 1<sup>st</sup> November, 10am-5pm both days. This established event attracts in the region of 1,500 visitors across the two days. In addition to approximately 40 stalls, the museum galleries will also be open to visitors and the museum coffee shop will also be open.

The cost of having a standard stall space (6ft table) at this year's event is £80 for the two days. The majority of stalls are located inside and are near to an electricity point, with some stalls also having access to hanging space. However, we do have some space for stalls outside if they are under a gazebo. Nature in Art is unable to provide a gazebo, but if you have one (of sound construction) and would like to be considered for a space outside please indicate this on the application form.

If you would like to apply for a stall at this year's event please complete, and send the attached application form by Friday 27<sup>th</sup> March. Due to the volume of enquiries we have had regarding the event we expect to receive far more applications than there are stalls available. For this reason, we will be considering all applications shortly after the closing date. Please be aware that we feel it is important to get a mixture of different stalls each year and unfortunately for this reason **not all applications will be successful**. We will contact you by email (or by post if you do not have an email address) from Friday 10<sup>th</sup> April to inform you as to whether your application has been successful.

**Please DO NOT send in payment with your application form – only send this when requested if your application has been successful.**

If you require any further information regarding the craft fair please do not hesitate to contact Emily (Craft Fair Co-ordinator).

Thank you for reading.
